

## **Presidential Memorandum on Developing a Sustainable Spectrum Strategy for America's Future**

**Vienna, VA** — Shared Spectrum Company, a leading innovator of spectrum intelligence software and solutions, applauds the administration's recent Presidential memo that was issued last week on spectrum strategy (<https://www.whitehouse.gov/presidential-actions/presidential-memorandum-developing-sustainable-spectrum-strategy-americas-future/>). The memo stresses the need for ongoing research, development, testing, and evaluation to develop advanced technologies, innovative spectrum-utilization methods, and spectrum-sharing tools and techniques that increase spectrum access, efficiency, and effectiveness. The Presidential memo puts SSC in a unique position due to its extensive experience of 18+ years of developing and providing DSA solutions for federal applications. SSC looks forward to participating in the development of the National Spectrum Strategy.

### **About Shared Spectrum Company**

Founded in 2000, SSC is a leading developer of spectrum intelligence technologies. Based in Vienna, Virginia, the company has developed innovative cognitive radio technologies for wireless applications in a broad range of the frequency bands.
